

Sustainable Risk Rationalisation Conference 2010 **An International Learning Experience**

2 & 3 September 2010
Melbourne Convention and Exhibition Centre

World experts “get down and dirty” at the SRR Conference 2010 – An International Learning Experience

To learn about the critical issues and practical approaches to reducing risks created by the redevelopment of Brownfield Sites, or more commonly described as contaminated properties, you must attend the SRR Conference 2010 which focuses on realities, not theories.

Twenty-nine leading experts drawn from Australia, China and the USA, including Terry Tamminen, the man who made Arnie Schwarzenegger change his environmental ways and his gas guzzling Hummers.

The agenda is expansive and full details are available on the conference website,

www.srr-otek.com.au

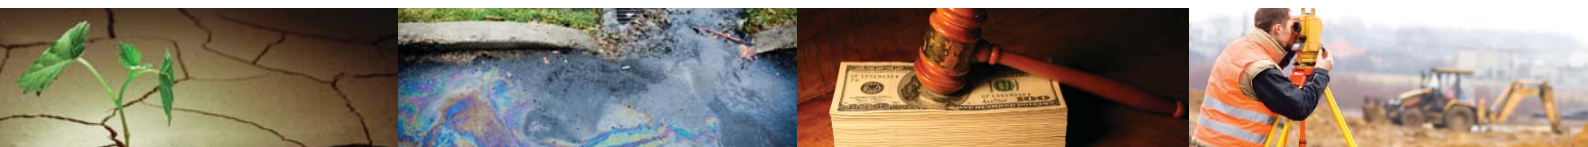

Full Registration includes the Conference Welcome Cocktail Party, Conference Dinner, Lunch with Terry Tamminen and attendance on both days to the SRR Conference 2010.

Thanks to the support of the Industry Capability Network, to receive your special ICN conference rate and additional networking function tickets, please register online at the conference website.

Lunch with Terry Tamminen

Join Terry Tamminen for a quality sit-down lunch and learn Terry's first hand experiences with the Californian Government and his role as Governor Schwarzenegger's environmental policy advisor.

"Terry is among the sublime visionaries of the modern environmental era. He is a master strategist and skilled administrator whose judgment and innovation steered Governor Arnold Schwarzenegger's progressive environmental agenda. Today, Terry is playing a key leadership role in guiding our country to the energy independence, sustainability and prosperity promised by the new energy economy." - **Robert F. Kennedy Jr., Environmental Lawyer.**

"Arnold Schwarzenegger may have signed the world's toughest anti global warming law, but it is Terry Tamminen, his environmental adviser, who is emerging as the state's real [global warming] Terminator." **TIME Magazine, April 9, 2007.**

"Terry Tamminen...is probably the most brilliant guy around when it comes to the environment," says **Governor Arnold Schwarzenegger.**
